

**DOOSAN MYNX 7500/50 - CNC MILL**

63" x 30" work envelope  
**Ideal for:** Larger parts and exotic materials

**HYUNDAI WIA LV100R - VERTICAL CNC LATHE**

Maximum turning diameter: 39"  
**Ideal for:** High volume turning of complex parts up to 39" diameters

**BULLARD DYNATROL - VERTICAL TURRET LATHE**

Maximum turning diameter: 108"  
**Ideal for:** Turning rings and flanges with 42" to 108" outer diameter

**QUICKDRILL GANTRY MACHINING CENTER - CNC MILL**

120" x 120" work envelope  
**Ideal for:** Drilling and milling large flanges- 8" in. thick and up to 18' ft. in diameter.

**DOOSAN PUMA 480/GT3100- HORIZONTAL CNC LATHE**

Maximum turning diameter: .5" - 21.5"  
Maximum length of work: 39"  
**Ideal for:** High volume turning of complex parts

**FRYER VT-80 - VERTICAL TURRET LATHE**

Max Cutting Length 32"  
Cutting Diameter Range 4" - 80"  
**Ideal for:** High volume turning of complex parts up to 80" diameter

**DOOSAN DNM 5700 - CNC MILL**

40" x 20" work envelope  
**Ideal for:** High speed milling of material such as aluminum and plastic

**DOOSAN MYNX 5400/50 - CNC MILL**

40" x 20" work envelope  
**Ideal for:** Precision drilling & milling

**MONARCH 96" VMC-RT - CNC DRILLING MACHINE**

Drill holes 0.25" - 3" diameter  
Work piece: 20" - 108" diameter  
**Ideal for:** Drilling bolt holes

**IKEGAI NB11T - HORIZONTAL CNC MILL**

Horizontal milling with 59" x 39" work envelope  
**Ideal for:** Multi-axis milling and boring

**SENFENG SF1500HC – FIBER LASER**

**Ideal for:** Rust removal, paint removal, grease removal, weld cleaning

**MACHINING CAPABILITIES**

- Machining inner diameter, outer diameter, gasket face, chamfers & tapers up to 108" outer diameter
- Single point threading of inner and outer diameter with standard or metric pitch
- Straight turning, tapers & angles of inner and outer diameter faces
- Profile milling, facing, contouring, pocketing, boring and threading
- Milling straight and tapered pipe threads
- Single part or large production orders
- Bolt-hole drilling up to 3" diameter
- Turning shafts up to 60" in length

**Call us to inquire about capabilities not listed above!**

API International's machine shop is supported by a dedicated staff of machinists, quality control technicians, and support personnel. Our commitment to quality—coupled with the latest machine technology, software, and tooling—enable API to provide our customers with components that are produced to specifications and arrive on schedule.

As your partner for machining services, API can reduce your overall costs on milling and turning parts up to 120" in diameter by leveraging our:

- Experience with a broad material set that includes Carbon Steel, Stainless Steel, Aluminum, Duplex, Super Duplex, and Alloy 20
- Support for prototyping and production quantities
- Short lead times that get your product to market quickly

API International, Inc. maintains a stock of flanges in a variety of alloys, rubber expansion joints, valves and various other pipe fittings for the Water Works, Irrigation, Agriculture, Exhaust, HVAC, Process, Mining, Power, Tunneling, and Communication Tower industries. These items are stocked in one of our conveniently located warehouses for quick distribution throughout the United States.
